Section 9. a) of the 2015 Vendor Regulations states:

All market spaces are assigned. The Applications Review Committee assigns spaces based upon each vendor's seniority, utilizing a 3 tier point scale comprised of frequency of attendance in the prior selling season, gross sales in the prior selling season and years attended at the market. In the assignment process, the committee also considers a balance of goods distributed throughout the market; therefore, vendors will be assigned spaces contingent upon the listed attributes and an arrangement that is beneficial to the general success of the market.

Please refer to the attached Vendor Stall Layout Diagram and indicate your first three preferred stall location choices. Note that stalls beginning with the letter 'S' are under the structure; stalls S10/11 and S12/13 are 1½ stalls; stalls beginning with the letter 'C' are on the cobblestones.
